Chair of Trustees	_____

Introduction

Establishments in The Gallery Trust may use closed circuit television (CCTV) images to reduce crime and monitor the school buildings in order to provide a safe and secure environment for pupils, staff and visitors, and to prevent loss or damage to school property.

Data Protection

The use of CCTV, and the associated images and any sound recordings, is covered by data protection legislation.

The school will comply with Information Commissioner's Office (ICO) CCTV Code of Practice to ensure it is used responsibly and safeguards both trust and confidence in its continued use. The Code of Practice is published at:

<https://ico.org.uk/media/for-organisations/documents/1542/cctv-code-of-practice.pdf>

It is a requirement to notify people entering a CCTV protected area that the area is monitored by CCTV and that pictures are recorded. The school will ensure that this requirement is fulfilled.

Siting the Cameras

Cameras are sited so they only capture images relevant to the purposes for which they are installed (described above) and care will be taken to ensure that reasonable privacy expectations are not violated. The school will ensure that the location of equipment is carefully considered to ensure that images captured comply with data protection.

The school has positioned cameras so that their coverage is restricted to the school premises, which may include outdoor areas.

Members of staff have access to details of where CCTV cameras are situated, with the exception of cameras placed for the purpose of covert monitoring.

Storage and Retention of CCTV images

Recorded data will not be retained for longer than is necessary. While retained, the integrity of the recordings will be maintained to ensure their evidential value and to protect the rights of the people whose images have been recorded.

All retained data is stored securely at the establishment, and access to recorded images is restricted to those staff authorised to view them, and will not be made more widely available.

Subject Access Requests (SAR)

Individuals have the right to request access to CCTV footage relating to themselves under the Data Protection Act.

All requests should be made in writing to the Head Teacher. Individuals submitting requests for access will be asked to provide sufficient information to enable the footage relating to them to be identified, for example, date, time and location. Requests will be referred to the Trust's Data Protection Officer - Satswana Ltd, info@satswana.com; telephone number 01252 516898.

The school will respond to requests within 40 calendar days of receiving the written request and fee.

A fee of £10 will be charged per request.

The school reserves the right to refuse access to CCTV footage where this would prejudice the legal rights of other individuals or jeopardise an investigation.

Access to and Disclosure of Images to Third Parties

There will be no disclosure of recorded data to third parties other than to authorised personnel such as the Police and service providers to the school where these would reasonably need access to the data (e.g. investigators).

Requests should be made in writing to the Head Teacher.

The data may be used within the school's discipline and grievance procedures as required, and will be subject to the usual confidentiality requirements of those procedures.

Complaints

Complaints and enquiries about the operation of CCTV within the school should be directed to the Head Teacher.
