

Sports Premium funding for 2022-2023

Schools receive PE and sport premium funding based on the number of pupils in years 1 to 6. This funding must be used to make additional and sustainable improvements to the quality of PE and sport we offer.

There are 5 Key indicators that we should expect to see improvements across:

- the engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school;
- the profile of PE and sport is raised across the school as a tool for whole-school improvement;
- increased confidence, knowledge and skills of all staff in teaching PE and sport;
- broader experience of a range of sports and activities offered to all pupils;
- increased participation in competitive sport.

In Mabel Prichard School we adapt Sports, Physical Development and PE to include a full range of skills that students need to learn. We define PE differently for pupils with severe and complex needs and at Mabel Prichard PE includes opportunities to support good postural and physical management for wellbeing. This may include:

- To make effective use of physiotherapy or occupational therapy where programmes are designed to meet individual needs and to promote access to a range of physical activities.
- To provide alternative activities, where necessary, to overcome difficulties with manipulating tools, equipment or materials.
- To take account of the pace at which pupils work and the effort it requires, and to give pupils time to finish the activity.
- To ensure enough opportunities to develop independence is created.
- To use specialist aids or equipment to achieve targets.

Allocated Sports Premium funding for 2022-2023 is: £16,520

Intent, Implementation and Impact of PE and Sports Premium Funding for 2022-23

Intent (Purchased item or activity)	Budget	Implementation (Expected Outcome)	Impact
To purchase PE and sports equipment	£3500	To replace PE and sports equipment - To ensure more students can regulate their emotions through physical activity, access meaningful play and learn new games during playtimes and during PE and Sports lessons.	Students accessed a wider range of activities and therefore were motivated to take part in different activities. This has a positive impact on regulating emotions.
Develop the outdoor play area to provide opportunities for inclusive physical and SEMH activity for all learners	£4088 (additional equipment to the quad area)	To provide a safe area for outdoor learning that is accessible for all learners	Learners can access more games and activities outside to support their learning
Top up swimming lessons	£2500	To support learners to become more confident in water	Learners feel confident in water and are able to take part in water play sessions
Staff training	£4000 -Curriculum development inset day -Sherbourne movement -Rebound therapy	To ensure staff can support learners when playing outside and doing physical activities.	Staff feel confident when supporting learners during outdoor playing
Yoga at School	£2500	To hold weekly Yoga sessions To introduce a new physical/wellbeing activity to pupils. To encourage more pupils to take up sports and physical activities and to increase the general wellbeing of our students.	Pupils will get an opportunity to try different sports. Support pupils with regulation
